

Grampound with Creed Bento Box Lunch

We have launched a new service in Grampound with Creed as we can no longer use the village hall.

Lunches are still being prepared in Grampound Road School but are now being packed into Bento Boxes.

These boxes contain 3 sections, 1 to hold the main and carbohydrate option and 1 for each vegetable. This ensures that if your child doesn't like a vegetable or beans then it can be kept separate.

An additional box for each pupil is also going to be sent which will contain the dessert of the day, salad and freshly baked bread.

All medical diet lunches will be marked so that they are easily recognisable.

Gravy and custard will be transported separately so pupils can still have a choice to have with their lunch.

Grampound with Creed Bento Box Lunch

Meals are still ordered in the same way and there is still the full choice of meals that you have always had from meat and vegetarian main courses, tomato pasta and jacket potatoes.

Pupils receive their own box with their ordered meal and can then choose to have the sauce/gravy or custard.

All Bento Boxes are sealed and placed into hot boxes ready for transportation.

This ensures food remains at the correct temperature ready for the lunchtime service.
