

GRAMPOUND WITH CREED SCHOOL

Week beginning 17th June 2024

This week, year five children went to the Newquay Fire Station for our annual life skills workshop. The children had a great time and learnt all important skills including road safety, first aid and fire safety. The children, as always, were a credit to the school with their behaviour and attitudes. A huge thank you to Elliott and Mrs Fryer for accompanying the children on this visit.

Over the next few weeks, we are looking forward to inviting you into school for the following events.

Sports Day will be Thursday 11th July at 1:15pm on the school field. Nursery children are welcome to attend on this day too, even if this is not their typical session.

Preparations continue for the school production, The Wizard of Oz. This performance will take place in the school hall at 1:30pm.

You are also welcome to join us for our end of year assembly in the school hall on Friday 19th July at 2pm.

Have a great weekend.

Miss Jane

Diary Dates

June

- 25th - Football Festival at St Mawes
- 27th - Welcome Day for Y6 at the Roseland

July

- 1st - 3rd - Y3&4 Residential - Porthpearce
- 11th - Sports Day 1.15pm
- 12th - Summer Fayre 3pm to 5pm
- 17th - School Show 1.30pm
- 19th - End of Year Assembly 2pm

This week's
Attendance

Pedrevan
94.03%

Lostledan
98.48%

Kwikyn
93.6%

This week's
Awards

Pedrevan

Ray for impressive knowledge about sea creatures, rockpools and the importance of habitats.

Lostledan

Charlotte for demonstrating super geographical skills in this week's learning

Kwikyn

Danny, for settling in fantastically to GWC and demonstrating respect and good manners at all times

BE THE LIGHT
MATTHEW 5:15

School Dinners

The cost for School Dinners is £2.41 which you order via Parentpay. If you are having problems, please contact the office.

Breakfast Club - 7:45am to 8:30am (£3.50)

After School Club - 3pm to 6pm (£3.00, £4.00 & £6.50)

Please book your child either on Parentpay or contact the school office for half an hour sessions.

School Uniform

Uniform can be purchased from Cornwall Screenprint who can be contacted on 01726 68689 or email infor@cornwallscreenprint.co.uk

School Office - 01726 882644

Email

gwc-secretary@rainbowacademy.org.uk

Wraparound Care

Contact Information

Sickness and Absences

Please be reminded that all absences must be reported by ringing the school office on 01726 882644. If your child has a cough or a cold they should still come to school unless you feel they are too unwell to be here; in which case they should stay at home and rest until they are well enough to return.

Important Notice

Important Notice! Any clubs or organisations who we advertise through our Newsletter and are not affiliated with Grampound with Creed School are reminded that they must have the necessary insurance, qualifications and DBS checks in place. This is to ensure the welfare of the children and is not the responsibility of Grampound with Creed School.

School
Uniform

If you are in need of some uniform we have a range of pre-loved items available for a donation. Please contact Mrs Warren on 07712262471 to discuss any items you need.

School
Collection

Please ensure that the school is informed before 2.45pm if anyone other than parents are collecting your child/ren.

If you have a number of people who pick up, please contact the office to ensure that we know who they are and that they have permission on that day.

Mondays - Mrs Grubb - Ballet Club

Mondays - Miss Evens - Recorder Club

Tuesdays - Mrs Martin - Gardening Club (Rec/Y1/Y2)

Thursdays - Mr Keyes - Running Club

Fridays - Argyle - Football Club

INSET Days
2023/2024

22nd, 23rd and 24th July 2024

Next Academic Year - 3rd Sept 2024,
22nd Nov 2024, 6th & 7th Jan 2025
and 23rd July 2025

Residentials
2023/2024

20th - 22nd May Y5&6 North Devon

1st - 3rd July Y3&4 Porthpean

Attendance Policy and Procedures Review

You may have seen in the press recently, that there is new statutory guidance which comes into effect from 19th August 2024 to improve attendance in schools. Although there are lots of areas of focus that were evident in previous guidance and are reflected in our current attendance policy and procedures, there are also some expectations that have been reviewed and focused on in much more detail.

We are currently reviewing our policy in order to ensure we can best support our school families and pupils to attend school and make the most of their education. The parent survey you have received a link for this week has a section that asks for your feedback and ideas on our attendance policy review - please do use this to share your thoughts.

We will communicate regularly with you to ensure parents and carers understand the reviewed approaches going forward.

PFA – School Fete

Friday 12th July – 3pm to 5pm

The School Fete will weather permitting be held on the field by the hall. If anyone is willing to help run a stall please contact Leanne on 07738523914.

Please look out for a poster and requests for donations on Class Dojo shortly.

Any help or donations would be much appreciated.

Guidance on infection prevention and control in schools and childcare settings[#]

Updated: November 2022

Remember you can help prevent the spread of infections by checking children have had their routine immunisations, maintaining a clean environment, and ensuring good personal hygiene (among staff and children), especially ensuring regular hand washing.

UK Health Security Agency (UKHSA) Health Protection Team

For outbreaks or advice please contact the UKHSA South West Centre HPT on 0300 3038162 or email SWHPT@UKHSA.GOV.UK

Managing specific infectious diseases: A to Z

Exclusion Table
bit.ly/ExclusionTable

Campaign resource centre
bit.ly/PHEResources

Outbreak Action Cards and Poster Centre
bit.ly/OutbreakActionCards

Rashes and skin infections	Recommended period to be kept away from school or childcare setting	Comments
Chickenpox and shingles	Five days from onset of rash and until all lesions have crusted over	Advise pregnant women to contact their GP if exposed and unsure if they have previously been infected
Cold Sores (Herpes Simplex)	None	Cold sores remain contagious until they are completely healed. They are generally mild and heal without treatment (7-10 days). Avoid kissing and close skin to skin contact of the sore - Don't share items that come into contact with the affected areas (cutlery / lip balm)
Hand, Foot and Mouth	None	Contact your UKHSA HPT if many children are affected. Exclusion may be considered in some circumstances
Impetigo	Until lesions are crusted over or 48 hours after antibiotic treatment has been started	Impetigo is highly infectious, and it is spread by direct contact. Antibiotic treatment speeds healing and reduces the infectious period
Measles*	Excluded as soon as measles is suspected until five days after the onset of rash	Contact UKHSA HPT as soon as measles cases are notified to the school. Preventable by immunisation (MMR x2 doses). Promote MMR for all pupils and staff. - Advise staff contacts who are pregnant, unimmunised or have weakened immune systems to contact their GP immediately
Molluscum contagiosum	None	A self-limiting condition. The lesions will resolve over time without any treatment
Parvovirus or Fifth disease (slapped cheek)	None (once rash has developed)	Request parents notify the school so that pregnant contacts can be advised to consult GP or midwife following exposure
Panton-Valentine Leucocidin (PVL)	None if they feel well	Individuals should not take part in contact sports or use communal gym equipment until their skin lesion has totally healed. For further guidance contact UKHSA HPT
Ringworm (incl foot ringworm - athlete's foot)	Exclusion is not required for individuals with athlete's foot. Individuals with skin and scalp ringworm can return to school once they have started treatment with anti-fungal agents	Treatment is required
Rubella (German Measles)*	Six days from onset of rash	Preventable by immunisation (MMR x2 doses). See UKHSA document above. Advise pregnant staff contacts to seek prompt advice from their GP
Scabies	Until after the first treatment has been completed	Household and close contacts require treatment at the same time. In the event of 2 or more suspected cases, contact UKHSA HPT
Scarlet Fever*	Exclude until 24 hours of appropriate antibiotic treatment complete	A person is infected for 2-3 weeks if antibiotics are not administered. In the event of 2 or more suspected cases, contact UKHSA HPT
Warts and Verrucas	None	Verrucas should be covered in swimming pools, gymnasiums and changing rooms

Respiratory infections	Recommended period to be kept away from school or childcare setting	Comments
COVID-19	Until temperature has resolved and they are well enough. If tested positive, child should stay home for 3 days.	Report outbreaks in line with local policy
Flu (Influenza)	Until recovered	Report outbreak to your local UKHSA HPT
Tuberculosis*	When diagnosed with TB a treatment team will assess whether other people are at risk of infection and require screening	Requires prolonged close contact for spread. Only pulmonary TB is infectious to others. Always consult your local UKHSA HPT before disseminating information to staff/carers
Whooping Cough* (Pertussis)	Until they have had 48 hours of appropriate antibiotic treatment and feel well enough to return. OR after 21 days from onset of illness if no antibiotic treatment has been taken	Preventable by vaccination. After treatment, non-infectious coughing may continue for many weeks. Your UKHSA HPT will organise any contact tracing necessary

Diarrhoea and vomiting illness	Recommended period to be kept away from school or childcare setting	Comments
Infectious Diarrhoea and Vomiting (Gastroenteritis) Bacteria Campylobacter Salmonella Shigella (bacillary dysentery) E.coli O157 Viruses Rotavirus Small round structured viruses (e.g. Norovirus or Winter Vomiting Disease) Parasites Cryptosporidium Giardia	Should be regarded as very infectious and must be kept away from school until the diarrhoea and vomiting has stopped for at least 48 hours They must have been passing normal stools for at least 48 hours Some Gastro infections (Like E.coli O157) require microbiology clearance and UKHSA will advise on these	An infection in the gut causing diarrhoea and vomiting (gastroenteritis) can be easily passed to others. Good hygiene, in particular handwashing and environmental cleaning, are important to minimise any danger of spread. Exclusion from swimming is advisable for two weeks after the diarrhoea has settled. If an outbreak occurs, consult UKHSA HPT A diarrhoea and vomiting checklist for schools can be found in the UKHSA health protection in schools guidance (QR code above)

Other infections	Recommended period to be kept away from school or childcare setting	Comments
Conjunctivitis (bacterial or viral)	Exclusion is not required unless they are particularly unwell	Advise parents to seek advice immediately if there is a possibility their baby has infective conjunctivitis. If an outbreak/cluster occurs, consult your UKHSA HPT
Diphtheria*	Exclusion is essential. Always consult with your UKHSA HPT	Preventable by vaccination. Family contacts must be excluded until cleared to return by your UKHSA HPT. UKHSA HPT will organise any contact tracing necessary
Glandular Fever	None	Spread is by saliva, usually through kissing or being in close contact with a carrier
Head Lice	None	Treatment is recommended only in cases where live lice have been seen
Hepatitis A*	Exclude until seven days after onset of jaundice (or seven days after symptom onset if no jaundice)	Household contacts of individuals with Hepatitis A may occasionally require exclusion from school. Contact local UKHSA HPT who will advise on any action needed
Hepatitis B*, C*, HIV/AIDS	None if they are well enough	Hepatitis B and C and HIV are blood borne viruses that are not infectious through casual contact. See UKHSA guidance document above
Meningococcal Meningitis*/Septicaemia*	Until recovered. There is no reason to exclude any siblings or other close contacts of the case from school	Meningitis ACWY and B are preventable by vaccination. Contact local UKHSA HPT who will advise on any action needed
Meningitis* due to other bacteria	Until recovered	Hib and Pneumococcal Meningitis are preventable by vaccination. Contact local UKHSA HPT who will advise on any action needed
Meningitis viral*	Until recovered There is no reason to exclude any siblings or other close contacts of the case from school	Milder illness than bacterial meningitis.
Mumps (paramyxovirus)*	Exclude child for five days after onset of swelling	It is very contagious and spread in saliva, the same way as a cold or flu. Preventable by vaccination (MMR x2 doses). Promote MMR to pupils and staff
Worm infestations (including hookworm, roundworm, tapeworm, threadworm, and whipworm)	None	Treatment is recommended for the child and household contacts

November 2022 (v2.008)

[#] Pre-school, nursery, or childminder

* denotes a notifiable disease. It is a statutory requirement that doctors report a notifiable disease to the proper officer of the local authority (for some local authorities, this may be UKHSA) In addition, you may need to inform other regulating bodies, for example Office for Standards in Education (OFSTED) or Care Quality Commission (CQC). Please follow local policy.
