

GRAMPOUND
WITH CREED SCHOOL

Week beginning 10th June 2024

Pedrevan have really enjoyed immersing themselves in this half-term's topic "Who Lives in a Rockpool?" They have been learning to identify creatures they would find in the ocean before looking at what creatures they would find in a rockpool. They worked brilliantly to create their very own rockpool and discussed the importance of creatures needing food and shelter from predators!

I am pleased to be able to share with you the new staffing and class structure for September. Mrs Bandara, an experienced teacher who is currently working elsewhere within the Rainbow Multi-Academy Trust, will be joining the team from September as the full-time teacher in Lostledan class. Mrs Bandara is looking forward to being part of the team and supporting transition over the next few weeks. We are looking forward to welcoming her into school to begin making exciting plans for September.

Mrs Martin will teach in Kwilkyn full-time and I will continue teaching in Pedrevan.

Transition sessions will be taking place on Friday 12th and 19th July and enhanced transition arrangements will be planned over the next coming weeks for any pupils who may require additional support. We are also hoping that Mrs Bandara will be able to join us for the school summer fair on Friday 19th July.

I hope that you will join us in welcoming Mrs Bandara to our team.

Have a great weekend.

Miss Jane

Diary Dates

June

- 19th June - Bowling Y5
- 20th - Life Skills - Y5
- 25th - Football Festival at St Mawes
- 27th - Welcome Day for Y6 at the Roseland

July

- 1st - 3rd - Y3&4 Residential - Porthpearce
- 11th - Sports Day
- 12th - Summer Fayre
- 17th - School Show

This week's
Attendance

Pedrevan
100%

Lostledan
96.46%

Kwikyn
97.94%

This week's
Awards

Pedrevan

Ben - for super mathematical knowledge and understanding with exploring and sharing this week.

Lostledan

Sebastian for fantastic writing

Kwikyn

Mabel for her beautiful letter writing!
&

Keah for reading her play script and remembering all of her lines!

BE THE LIGHT
MATTHEW 5:15

School Dinners

The cost for School Dinners is £2.41 which you order via Parentpay. If you are having problems, please contact the office.

Breakfast Club - 7:45am to 8:30am (£3.50)

Wraparound Care

Contact Information

Sickness and Absences

Please be reminded that all absences must be reported by ringing the school office on 01726 882644. If your child has a cough or a cold they should still come to school unless you feel they are too unwell to be here; in which case they should stay at home and rest until they are well enough to return.

Important Notice

Important Notice! Any clubs or organisations who we advertise through our Newsletter and are not affiliated with Grampound with Creed School are reminded that they must have the necessary insurance, qualifications and DBS checks in place. This is to ensure the welfare of the children and is not the responsibility of Grampound with Creed School.

If you are in need of some uniform we have a range of pre-loved items available for a donation. Please contact Mrs Warren on 07712262471 to discuss any items you need.

Please ensure that the school is informed before 2.45pm if anyone other than parents are collecting your child/ren.

If you have a number of people who pick up, please contact the office to ensure that we know who they are and that they have permission on that day.

Autumn Term After School Clubs

Mondays - Mrs Grubb - Ballet Club

Mondays - Miss Evens - Recorder Club

Tuesdays - Mrs Martin - Gardening Club (Rec/Y1/Y2)

Thursdays - Mr Keyes - Running Club

Fridays - Argyle - Football Club

22nd, 23rd and 24th July 2024

Next Academic Year - 3rd Sept 2024,
22nd Nov 2024, 6th & 7th Jan 2025
and 23rd July 2025

Residentials
2023/2024

20th - 22nd May Y5&6 North Devon

1st - 3rd July Y3&4 Porthpean

Message from the PFA

Fete Planning Meeting- Wednesday 19th June 7pm in the Dolphin

Next Wednesday we will be holding a meeting to start making arrangements for this years' school fete on Friday 12th July. We would love to see some new faces and hear new ideas that will make the event as successful as it can possibly be. All offers for help on the day also very gratefully received.

Bitesize Parenting

Workshop Description

Bitesize parenting workshops are weekly 2-hour sessions delivered by our parenting team to support on a wide range of topics. Please book on by visiting www.cornwall.gov.uk/parenting

Topics include:

Bitesize Child (for parents/carers of children aged 4-11)

Special time with your child – How quality time with children can help with behaviour.

Praise and rewards –How to use praise and rewards for behaviour you'd like to see more of.

Routines and boundaries – Looking at why routines and boundaries are important and how these can be put in place effectively.

Remaining calm – How to look after yourself as a parent.

Sibling rivalry and conflict – Tips to manage conflict between siblings in the home.

Bitesize Teen (for parents/carers of young people aged 12-19)

Teenage Brain - Learn about the changes adolescents experience in their brain development and how parents can support their young person.

Remaining calm – How to look after yourself as a parent.

Mental wellbeing – Tips about how to communicate with young people about their feelings.

Technology and safety – This workshop focuses on boundaries around technology use at home and how to support young people to stay safe online.

Guidance on infection prevention and control in schools and childcare settings[#]

Updated: November 2022

Remember you can help prevent the spread of infections by checking children have had their routine immunisations, maintaining a clean environment, and ensuring good personal hygiene (among staff and children), especially ensuring regular hand washing.

UK Health Security Agency (UKHSA) Health Protection Team

For outbreaks or advice please contact the UKHSA South West Centre HPT on 0300 3038162 or email SWHPT@UKHSA.GOV.UK

Managing specific infectious diseases: A to Z

Exclusion Table

bit.ly/ExclusionTable

Campaign resource centre

bit.ly/PHEResources

Outbreak Action Cards and Poster Centre

bit.ly/OutbreakActionCards

Rashes and skin infections	Recommended period to be kept away from school or childcare setting	Comments
Chickenpox and shingles	Five days from onset of rash and until all lesions have crusted over	Advise pregnant women to contact their GP if exposed and unsure if they have previously been infected
Cold Sores (Herpes Simplex)	None	Cold sores remain contagious until they are completely healed. They are generally mild and heal without treatment (7-10 days). Avoid kissing and close skin to skin contact of the sore - Don't share items that come into contact with the affected areas (cutlery / lip balm)
Hand, Foot and Mouth	None	Contact your UKHSA HPT if many children are affected. Exclusion may be considered in some circumstances
Impetigo	Until lesions are crusted over or 48 hours after antibiotic treatment has been started	Impetigo is highly infectious, and it is spread by direct contact. Antibiotic treatment speeds healing and reduces the infectious period
Measles*	Excluded as soon as measles is suspected until five days after the onset of rash	Contact UKHSA HPT as soon as measles cases are notified to the school. Preventable by immunisation (MMR x2 doses). Promote MMR for all pupils and staff. - Advise staff contacts who are pregnant, unimmunised or have weakened immune systems to contact their GP immediately
Molluscum contagiosum	None	A self-limiting condition. The lesions will resolve over time without any treatment
Parvovirus or Fifth disease (slapped cheek)	None (once rash has developed)	Request parents notify the school so that pregnant contacts can be advised to consult GP or midwife following exposure
Panton-Valentine Leucocidin (PVL)	None if they feel well	Individuals should not take part in contact sports or use communal gym equipment until their skin lesion has totally healed. For further guidance contact UKHSA HPT
Ringworm (incl foot ringworm - athlete's foot)	Exclusion is not required for individuals with athlete's foot. Individuals with skin and scalp ringworm can return to school once they have started treatment with anti-fungal agents	Treatment is required
Rubella (German Measles)*	Six days from onset of rash	Preventable by immunisation (MMR x2 doses). See UKHSA document above. Advise pregnant staff contacts to seek prompt advice from their GP
Scabies	Until after the first treatment has been completed	Household and close contacts require treatment at the same time. In the event of 2 or more suspected cases, contact UKHSA HPT
Scarlet Fever*	Exclude until 24 hours of appropriate antibiotic treatment complete	A person is infected for 2-3 weeks if antibiotics are not administered. In the event of 2 or more suspected cases, contact UKHSA HPT
Warts and Verrucas	None	Verrucas should be covered in swimming pools, gymnasiums and changing rooms

Respiratory infections	Recommended period to be kept away from school or childcare setting	Comments
COVID-19	Until temperature has resolved and they are well enough. If tested positive, child should stay home for 3 days.	Report outbreaks in line with local policy
Flu (Influenza)	Until recovered	Report outbreak to your local UKHSA HPT
Tuberculosis*	When diagnosed with TB a treatment team will assess whether other people are at risk of infection and require screening	Requires prolonged close contact for spread. Only pulmonary TB is infectious to others. Always consult your local UKHSA HPT before disseminating information to staff/carers
Whooping Cough* (Pertussis)	Until they have had 48 hours of appropriate antibiotic treatment and feel well enough to return. OR after 21 days from onset of illness if no antibiotic treatment has been taken	Preventable by vaccination. After treatment, non-infectious coughing may continue for many weeks. Your UKHSA HPT will organise any contact tracing necessary

Diarrhoea and vomiting illness	Recommended period to be kept away from school or childcare setting	Comments
Infectious Diarrhoea and Vomiting (Gastroenteritis) Bacteria Campylobacter Salmonella Shigella (bacillary dysentery) E.coli O157 Viruses Rotavirus Small round structured viruses (e.g. Norovirus or Winter Vomiting Disease) Parasites Cryptosporidium Giardia	Should be regarded as very infectious and must be kept away from school until the diarrhoea and vomiting has stopped for at least 48 hours They must have been passing normal stools for at least 48 hours Some Gastro Infections (Like E.coli O157) require microbiology clearance and UKHSA will advise on these	An infection in the gut causing diarrhoea and vomiting (gastroenteritis) can be easily passed to others. Good hygiene, in particular handwashing and environmental cleaning, are important to minimise any danger of spread. Exclusion from swimming is advisable for two weeks after the diarrhoea has settled. If an outbreak occurs, consult UKHSA HPT A diarrhoea and vomiting checklist for schools can be found in the UKHSA health protection in schools guidance (QR code above)

Other infections	Recommended period to be kept away from school or childcare setting	Comments
Conjunctivitis (bacterial or viral)	Exclusion is not required unless they are particularly unwell	Advise parents to seek advice immediately if there is a possibility their baby has infective conjunctivitis. If an outbreak/cluster occurs, consult your UKHSA HPT
Diphtheria*	Exclusion is essential. Always consult with your UKHSA HPT	Preventable by vaccination. Family contacts must be excluded until cleared to return by your UKHSA HPT. UKHSA HPT will organise any contact tracing necessary
Glandular Fever	None	Spread is by saliva, usually through kissing or being in close contact with a carrier
Head Lice	None	Treatment is recommended only in cases where live lice have been seen
Hepatitis A*	Exclude until seven days after onset of jaundice (or seven days after symptom onset if no jaundice)	Household contacts of individuals with Hepatitis A may occasionally require exclusion from school. Contact local UKHSA HPT who will advise on any action needed
Hepatitis B*, C*, HIV/AIDS	None if they are well enough	Hepatitis B and C and HIV are blood borne viruses that are not infectious through casual contact. See UKHSA guidance document above
Meningococcal Meningitis*/Septicaemia*	Until recovered. There is no reason to exclude any siblings or other close contacts of the case from school	Meningitis ACWY and B are preventable by vaccination. Contact local UKHSA HPT who will advise on any action needed
Meningitis* due to other bacteria	Until recovered	Hib and Pneumococcal Meningitis are preventable by vaccination. Contact local UKHSA HPT who will advise on any action needed
Meningitis viral*	Until recovered There is no reason to exclude any siblings or other close contacts of the case from school	Milder illness than bacterial meningitis.
Mumps (paramyxovirus)*	Exclude child for five days after onset of swelling	It is very contagious and spread in saliva, the same way as a cold or flu. Preventable by vaccination (MMR x2 doses). Promote MMR to pupils and staff
Worm infestations (including hookworm, roundworm, tapeworm, threadworm, and whipworm)	None	Treatment is recommended for the child and household contacts

November 2022 (v2.008)

[#] Pre-school, nursery, or childminder

* denotes a notifiable disease. It is a statutory requirement that doctors report a notifiable disease to the proper officer of the local authority (for some local authorities, this may be UKHSA) In addition, you may need to inform other regulating bodies, for example Office for Standards in Education (OFSTED) or Care Quality Commission (CQC). Please follow local policy.
