10<sup>th</sup> October 2024

Dear Parents and Carers

We are very excited to be introducing a new maths initiative across the school called the '99 Club'. The aims of the 99 Club are

- To improve children's knowledge and quick recall of multiplication facts
- For all children to know multiplication facts confidently up to  $12 \times 12$
- To deepen their understanding of multiplication facts and the link to division

The 99 club consists of a series of maths "quizzes" which will take place every week. Children will have a set amount of time to answer as many questions accurately as they can. Children work through the various 'clubs', for example, the 11 club consists of 11 questions, the 22 club consists of 22 questions, the 33 club consists of 33 questions and so on.

Once children correctly complete the test for their club, they will be awarded a certificate in our celebration collective worship.

Below are the details of each 99 club quiz so you can support your child at home with this. The practice sheets will be available on the school website to download and use at home underneath the parent section, but please let us know if you would prefer paper copies. Regularly accessing Times Table Rockstars and other multiplication practice will also help your child with working their way through the levels below too!

### 99 Club summary

11 Club - 11 questions - addition to 10 (10 minutes)

22 Club - 22 questions - addition and subtraction to 20 (adding and subtracting single digit) (10 minutes)

33 Club - 33 questions - addition and subtraction to 20 (adding and subtracting single and 2 digit) (10 minutes)

44 Club - 44 questions - addition, subtraction to 20,  $2 \times$ ,  $5 \times$  and  $10 \times$  tables and missing numbers (10 minutes)

55 Club - 55 questions - addition and subtraction to 100,  $2 \times$ ,  $3 \times$ ,  $5 \times$ ,  $6 \times$ ,  $10 \times$  tables and missing numbers (10 minutes)
